

CERTIFICATION FOR ELIGIBLE HOSPITAL-BASED PROVIDERS

“If a provider is hospital-based and can demonstrate that he or she funded the acquisition, implementation and maintenance of a certified EHR system, the provider may be eligible for the incentive program. This includes supporting hardware and any interfaces necessary to meet meaningful use without reimbursement from an eligible hospital, and uses certified EHR technology in the inpatient or emergency department of a hospital (instead of the hospital’s certified EHR technology).”

I, (print Provider’s name) _____,
hereby certify that I am a Hospital-Based provider using a Certified EHR system funded and acquired by myself without reimbursement from any Hospital.
